Traffic Regulation

Ordinance

For The

Town of Etna

Traffic Regulation Ordinance

- 1) To facilitate access to sites and separate concomitant traffic from residential areas, any enterprise requiring eight or more parking spaces or employing six or more individuals must be located within a radius of $\frac{3}{4}$ of a mile of the junctions of U.S. I 95, Main Rt. 69, and Main Rt. 143. Retail outlet enterprises may also be located within a radius of $\frac{3}{4}$ mile of the town municipal building provided that the retail floor area does not exceed 750 square feet and total floor area does not exceed 1,500 square feet.
- 2) Parking areas for all enterprises must allow for vehicles using them to turn around and reenter municipal roads facing forward and with parking spaces separated from the edge of town right of way by a 6 foot wide island structure.
